INVESTOR RELATIONS POLICY & PROCEDURES HANDBOOK

[Company Name] — Internal Reference

Document ID: IR-POLICY-v1 | **Owned by:** Investor Relations Lead | **Last reviewed:** [date]

Section 1: Investor Information

§1.1 Investor requests. Investor questions must be answered using approved public disclosures and authorized Investor Relations materials. Employees must not provide unpublished company information in response to informal requests.

§1.2 Financial information. Financial information provided to external investors must come from approved disclosures or authorized Investor Relations communications. Internal estimates must not be presented as official company results.

§1.3 Investor records. Investor contact information and interaction records are restricted to authorized personnel. Employees must not disclose another investor's information without authorization.

> **Human Agent Notes — Section 1:** Investor Relations requests involving non-public information require human review. Never speculate or provide unofficial financial information.

Section 2: Earnings & Disclosures

§2.1 Earnings information. Earnings-related information must be sourced from the approved disclosure materials. Draft or internal financial information must not be shared externally.

§2.2 Disclosure timing. Employees must not independently announce material company information before the authorized disclosure process is complete.

§2.3 Corrections. If an inaccurate investor-facing statement is identified, it must be escalated to Investor Relations for review rather than silently corrected by an individual employee.

> **Human Agent Notes — Section 2:** Never confirm or deny unpublished material information. Escalate to Investor Relations.

Section 3: Investor Communications

§3.1 Investor meetings. External investor meetings must have an authorized company representative and appropriate preparation materials.

§3.2 Media and analyst requests. Requests from analysts or financial media concerning company performance must be routed to Investor Relations or the designated communications representative.

§3.3 Public statements. Investor-facing statements must use approved language and current information.

> **Human Agent Notes — Section 3:** Employees should not provide personal interpretations of company financial performance to external investors or analysts.
